May 3, 2019

Dear Parents,

This letter is to encourage and support your student in continuing to improve his or her reading proficiency during our summer break. Various materials and opportunities are described below.

**Lexia Core 5**
This summer your child can continue to use Lexia Reading Core 5. Lexia Reading Core 5 is a computer-based program that focuses on foundational reading skills. Students are placed in a level that meets their individualized learning needs. You can access Lexia by visiting Stockdale’s homepage and clicking the For Students tab.

**Summer Reading Challenge**
Over the summer continue to have your child read daily in their interest and reading levels. You can also read with your child and talk about what you have read. AR Book finder is a great resource to look up reading levels of books. Just visit www.arbookfind.com and type in the name of the book to receive information. Students who meet their reading goal and return their reading challenge sheet to the reading room (Rm. 3) in August will receive a prize.

If you have any questions or would like additional reading resources, please contact me at Stockdale or by email.

Thank you, have a great summer, and remember to read!

Mrs. Kaff
